Estimate for Constructing drains
Vadigenahalli minor mkt

5664/L

File No of 194

General and Revenue Secretariat

Serial No

The estimated Cost of Constructing the drains at Vadigenahalli is Rs 21,735, which is proposed to be met by Govt and the Local Municipal Council on equal proportion basis. As there is no reserve under the D & Grants duly to current year, a sum of Rs 10,868 will have to be provided under the T & D grants for 1962-63 towards the Govt share of the Cost.

In order to enable the Municipal Council to meet its quota of the Cost, the Council Secretary has requested the grant of a loan of Rs 10,867 to the Mkt which would be repaid in eleven annual instalments from out of the realisations from the proposed levy of drainage cess and toll etc and octroi on oil seeds etc

The financial condition of the mkt is not very satisfactory The C.B for 61-62 is Rs 203 and the normal expdr is slightly above the normal income but this is due to the fact that a provision of Rs 1000 has been made towards the Govt of the drainage scheme

The estimate for Rs 21,735 has been duly scrutinised by the Chief Engineer and countersigned by the President of the Vadigenahalli minor mkt

Submitted for orders if the Financial Secretary to Govt may be consulted?

5664/2 Drainage Scheme – Vadugenahalli minor Rly

3

General and Revenue Secretariat | Rly File No 81 of 1941-42 | [App F III-2

Serial No

A

It the financial condition of the minor Rly is not satisfactory Govt is not in a position to finance the cost of the work which would amount to Rs 10,868/ which it wants as taccavi loan from the proceeds of the cess – the realization of which are proposed to be earmarked for the repayment of the loan – has yet been brought into effect and it is doubtful if the realizations would be such as would enable the Rly to meet the instalments either in the earlier, it is for orders if the Govt below Govt may not be requested to advise this Rly to build up its reserves first – accumulate some money & ask for this amenity otherwise even if the loan is granted, it may not be possible for the Rly to meet the discharge it punctually & regularly

Letter No MG-6481/41-42 dt 31/5/43
furnishes the information called for

7304/ Drainage schemes for Vadigenahalli Town

Continuation Sheet. File No 81 / Current No of 41 Page

16) In reply to a query as to how the Vadigenahalli municipal Council propose to discharge the loan of Rs 10,867 asked for from Govt in order to enable them to meet their share of the Cost, it is stated that the anticipated income of about Rs 2550 from the following sources would be earmarked for the repayment of the loan

1 Levy of octroi on arecanuts Rs 750 p a
2 Levy of drainage cess 800 "
3 Levy of tolls 1000 "
Total, Rs 2550

17) The loan is proposed to be discharged in 11 instalments of Rs 1000 each but the DC recommends that the loan of Rs 10,867 may be given to the Municipal Council repayable in ten annual instalments

18) But as the anticipated income from the proposed levies is Rs 2550 per annum which is not clear why the proposed loan of Rs 10,867 cannot be had in about five annual instalments of Rs 4000/- instead of ten annual instalments of Rs 1000/-

19) Seeing the undue allotment under the Town Improvement Grant has been fully distributed during the current year and no reserve is available the Govt share of the Cost to the extent of Rs 10,868 will have therefore to be provided from one of the T I Grants for the next year (1963-64) In the meanwhile the Financial Secretary may perhaps be consulted by D.T. regard to the grant of the loan to the Vadigenahalli municipality subject for orders

9/6

Drainage scheme for Vadigenahalli minor Tank

Continuation Sheet No. File No / Current No PF 1305 of 41 Page

6) Please note on the financial condition of this Tank for the year 1986-87

7) The following figures in each the finances Condition of the Vadigenahalli minor Tank for the Current Year

	opening balance	Rs 70
2	Receipts	Rs 7067
3	Total	7137
4	Expenditure	7054
5	Closing balance	Rs 83

The normal expenditure is within the normal income but the closing balance is far below the prescribed minimum

8) The estimate as per the chief Engineer comes upto Rs 2,43,735/- This may be approved the expenditure therein may be met by the Govt of the Vadigenahalli tank and the repair proposals This means that the Govt would have to pay a sum of Rs. 10868/

9) Instead of advancing a loan the Govt could, it would be desirable to spread the amount over five years so That it would be easy both for the Govt of the Tank to finance the Then each would have

to contribute Rs 2,200/- p.a and
it would not be felt burdensome
The M.C. may earmark the nearly
2500 rupees from the levy of betterment on areas
which have been benefited & from other sources
refer to in para 16 supra which have yet
to be sanctioned
2) If this is approved the D.C.S. Harapanahalli
will be requested to provide a sum of
Rs 2,200/- in the Vadgenahalli Drainage
Budget towards the Drainage Scheme for 43-44
An equal amount may be given as grant
from out of Famine Improvement Grants relating
to this Taluk, the same being repeated for the
remaining four years by which time the
work as anticipated to be completed in
this view, no loan need be sanctioned
to the M.C.

3) A, B, C & D are for orders
4) Report upon

Lawley 12/6/43

26) I agree Loan need not
be sanctioned
The work may be allowed
spread over
five years The Municipal
Council's share can meet
Rs 2200/- every year The Collector
may be asked to allot
funds & drawings can

Sir,

Subject:- Construction of drains at Vadigenhally Minor Municipality

---

Sir,

With reference to your letter No L 10952 M1 81-41 dated 16th May 1942, on the above subject, I have the honor to state that the Municipal Council of Vadigenhally proposed to discharge the loan of Rs 10867/- intended to be raised towards the above scheme by the levy of additional cess, toll and octroi as follows -

a) Levy of drainage cess of 4 annas per rupee of Mohatarfa
b) Levy of tolls in the Municipality
c) Levy of octroi on arecanuts

The anticipated income from the above sources were Rs 820/-, 1000/- and 750 respectively per year The question in respect of item No (c) is under correspondence The records in respect of item No (b) have not yet been submitted for sanction by the Amildar President They have been called for from him A further report will be submitted to Government soon after the receipt of definite proposals with records from the Sub Division Officer, Dodballapur

I have the honor to be,

Secretary to the Government of Mysore
Law Department Bangalore

Sir

Subject:- Comprehensive drainage Scheme at Vadigenahalli Town.

With reference to your letter No L 1095-24 M1 81-41 dated 16-5-42 and in continuation of this office letter of even number dated 5-2-43 on the above subject I have the honour to state that the Municipal Council have finally resolved to repay the loan of Rs 10 867/- proposed to be taken by earmarking the income that would be realised from the marginally noted items The records in respect of the first of the items viz levy of octroi on arecanuts have been separately submitted to Government for sanction with this office letter No M6-207/42-43 dated 24-4-43 An average income of Rs 750/- per year is expected from this source

1	Levy of octroi on arecanuts
2	Levy of drainage cess at 0-4-0 per rupee
3	Levy of tolls

2 As regards the levy of drainage cess at 0-4-0 per rupee of mohatarfa necessary formalities have been completed by the Municipality The Council have overruled the objections and resolved at their meeting held on 31-10-41 that sanction of Government may be obtained to the levy of drainage cess This will of course come to effect from the date of sanction of the drainage scheme A sum of Rs 800/- is expected under this head per year

750
800
1000
R 2550

3 Relating to the levy of tolls the subject is under further correspondence and definite proposals will be submitted soon after the prescribed formalities, are completed An average income of Rs 1000/- may be expected under Tolls per year

4 Hence the total annual income that could be expected from the above 3 sources would be about Rs 2500/- The Council proposes to discharge the loan of Rs 10 867/- in 11 annual instalments of Rs 1000/- each The proposals of the Municipal Council may perhaps be accepted as the income

from the three fresh sources referred to above far exceeds the promised contribution towards the loan instalment Vadigenahalli is a neat little town and the Public have liberally donated for a building for Female Dispensary and for dieting charges therein A good drainage scheme is very necessary in the interest of the Public Health of the town

5 In these circumstances I request that sanction of Government may kindly be obtained to the comprehensive drainage scheme the cost being met in equal shares both by Government and Municipality The Municipal quota may be met by granting a loan at 4½% interest re payable in 10 annual instalments as proposed above The detailed estimates etc have already been sent to Government by the Director of Public Health

I have the honour to be
S i r
Your most obedient servant

Deputy Commissioner
Bangalore District
